## MEDICAL COLLEGE

Our Medical Education is focussed on producing compassionate and competent healthcare workers driven by a passion for excellence, continuous learning, research, team work, leadership and above all, an attitude for selfless care for patients.

We have instituted from the beginning, novel educational programs like the White Coat Ceremony, the Stethoscope Donning Ceremony, the INSPIRE program a 10 day hospital clerkship for the students entering second year of their undergraduate training, Secondary Hospital Posting - students are posted for 3 weeks in Mission Hospitals across the country during their second year of training, communication and behavioural training modules, ethics workshop and much more. We have embraced a competency based medical education much before the Indian Government implemented it.

**COLLEGE OF NURSING**  
GURU EDUCATION TRUST

MANAGED AND ADMINISTERED BY BELIEVERS EASTERN CHURCH

The Guru College of Nursing was established in 2011 situated in Karukachal, Kottayam which is managed and administered by Believers Eastern Church. Our vision is to be at the forefront of nursing care by nourishing budding nurses to be caring, compassionate and efficient. The college is affiliated to Kerala University of Health Sciences, Thrissur recognized by INC & KNMC, statutory councils of nursing in India.

### **BELIEVERS INTERNATIONAL HEART CENTRE (BIHC)**

Believers International Heart Centre (BIHC) is a leading cardiac care facility in Kerala, India, that offers world-class services at affordable costs. Whether you need diagnosis, treatment, or rehabilitation for any heart condition, BIHC has the expertise and technology to provide you with the best care. BIHC also specializes in congenital heart disease, thoracic and vascular surgery, and transplant services. With a multidisciplinary team of doctors, nurses, and specialists, BIHC ensures holistic and personalized care for every patient.

## BELIEVERS INSTITUTE OF RENAL DISEASE

At the Institute for Renal Disease, we offer comprehensive and compassionate care for patients with kidney problems. Our department of Nephrology provides quality dialysis with ultrapure water, advanced machines, skilled staff, and physiotherapy. Our department of Urology offers state-of-the-art treatment for kidney stones, prostate cancer, and benign prostatic enlargement. We also have a renal transplantation program in collaboration with the Kidney Network Organ Sharing. Our team of experienced and innovative doctors, nurses, and technicians are dedicated to providing you with the best possible outcomes and patient experience.

## BELIEVERS INSTITUTE OF CANCER CARE

The Believers Institute for Cancer Care is dedicated to providing comprehensive care and support to individuals affected by cancer. Within Believers Church Medical College Hospital, our Cancer Care Institute stands as a beacon of hope, delivering personalized and advanced cancer treatments. Our multidisciplinary team prioritizes not just medical care but also the emotional well-being of our patients. Equipped with state-of-the-art technology, we aim to be a sanctuary of healing, providing compassionate support and expertise to those facing the challenges of cancer.

## **BELIEVERS ADVANCED CENTRE OF OBSTETRICS & GYNAECOLOGY**

We provide comprehensive care in the speciality of Obstetrics and Gynaecology. Our services aim at providing diagnostics, curative, preventive and rehabilitative services on an ambulatory basis. With a focus on obstetrics and gynaecology, the centre offers comprehensive care for women at every stage of life, from adolescence through menopause and beyond. Led by a team of highly skilled and experienced obstetricians, gynaecologists, and healthcare professionals, we provide a wide range of services, gynaecological examinations, screenings, and treatments for various reproductive health issues. Our labour room services include full intrapartum and postpartum care, painless labour, elective and emergency caesarean sections. ICU and High Dependency Unit (HDU) available for monitoring high-risk patients (antepartum and postpartum). We have a full-fledged NICU facility to manage high-risk babies.

## **BELIEVERS ADVANCED CENTRE FOR ORTHOPAEDICS & TRAUMATOLOGY**

At Believer's Church Medical College Hospital, our Orthopaedic Surgery department stands as a pioneer in delivering advanced and compassionate orthopaedic care. With state-of-the-art facilities, including ultra-clean operation theatres, high-quality C-arm technology, and modern imported OT tables, we ensure the highest standards of care. Our continuous learning ethos drives our team to stay abreast of the latest advancements in orthopaedic care through conferences and workshops. We offer a comprehensive range of services, from 24/7 trauma care and arthroscopic surgery to geriatric and pediatric orthopaedics, back pain treatment, total joint replacements, bone and soft tissue tumor surgery, spine surgery, hand surgery, and limb reconstruction surgeries. Committed to your well-being, our mission is to blend cutting-edge technology with compassionate care for your rapid recovery.

## BELIEVERS ADVANCED CENTRE FOR PAEDIATRICS

The Department of Paediatrics at BCMCH is committed to delivering exceptional healthcare for children. Beyond diagnosing and treating complex illnesses, our department features a fully functional Neonatal Intensive Care Unit (NICU) and Paediatric Intensive Care Unit (PICU), along with sub-specialties like Paediatric Cardiology, Pulmonology, Endocrinology, Development Clinics, and Critical Care services. Our paediatricians provide 24/7 emergency care & focus on primary care in the OPD, offering growth & development assessments, immunization check-ups, well-child checkups, and counselling for preventive measures. Our comprehensive services include the treatment of childhood illnesses, adherence to the latest immunization guidelines, health education, nutritional counselling, adolescent screening, and specialized clinics for asthma, allergies, respiratory issues, epilepsy, newborns, and high-risk cases.

## BELIEVERS INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE

Our Neurology Department, led by highly experienced neurologists, offers comprehensive care for diverse neurological conditions, including stroke, epilepsy, and neurodegenerative diseases. With modern facilities for electrophysiological studies, state-of-the-art 3 Tesla MRI machines, and a collaborative physical rehabilitation unit, we provide holistic care. The Believers Advanced Stroke Intervention Centre (BASIC) ensures advanced diagnostic, management, and preventive stroke care, including Endovascular Intervention. Our services encompass general neurology, neurocritical care, movement disorders, memory disorders, and a range of electrophysiology studies, with a commitment to outpatient stroke clinics, diagnostic services, and preventive support, ensuring excellence in neurological well-being.

## **BELIEVERS REGIONAL INSTITUTE OF GASTROENTEROLOGY, HEPATOLOGY & TRANSPLANTATION**

Offering cutting-edge facilities for diagnosis and management of gastrointestinal and liver diseases, our institute is a hub of expertise. The institute is well-equipped with advanced medical technologies and facilities to offer a range of diagnostic procedures, medical treatments, and surgical interventions. Led by a team of highly experienced doctors, we provide compassionate and comprehensive care for complex GI and liver conditions. Supported by skilled professionals including GI surgeons, radiologists, pathologists, oncologists, intensivists, anaesthetists, nurses, and paramedical staff, we work seamlessly as a team to deliver a healing touch to patients from all walks of life.

## **BELIEVERS INSTITUTE OF REPRODUCTIVE THERAPY (BIRTH)**

Navigating the challenges of infertility, BIRTH provides dedicated support and personalized solutions for couples on their journey to parenthood. Led by gynecologists with expertise in reproductive medicine, our comprehensive approach begins with a thorough assessment, prioritizing less invasive treatments before considering advanced interventions like IVF. Our Assisted Reproductive Techniques (ART) services, including IVF and cryopreservation, cater to various infertility factors, guided by state-of-the-art facilities and specialized procedures. From premarital counseling to detailed IVF procedure insights, our goal is to offer empathy, counseling, and expert medical intervention, acknowledging that success rates vary based on factors like age.

**RAC + HAM** **R**ACTHAM - REGIONAL ADVANCED CENTRE  
FOR TRANSPLANTATION, HAEMATO-LYMPHOID  
ONCOLOGY AND MARROW DISEASES

The Regional Advanced Centre for Transplantation, Hemato-lymphoid Oncology & Marrow Diseases (RACTHAM), where we dedicate ourselves to providing exceptional care for both children and adults facing blood cancers, benign blood, and marrow conditions. Specializing in Leukemia, Lymphoma, Myeloma, and more, our personalized and precise approach ensures the best treatment outcomes. With a mission to deliver hope, RACTHAM offers comprehensive services, including cutting-edge treatments for blood cancers, stem cell and bone marrow transplants, management of bleeding disorders, thrombosis and anticoagulation services, and expertise in hemoglobin disorders, immunodeficiencies, and apheresis programs.

## AWARDS IN 2023

### BELIEVERS: A YEAR OF EXCELLENCE AND COMPASSIONATE CARE

## TELEMEDICINE

Revolutionize healthcare with our Telemedicine services—offering remote consultations, patient monitoring, and efficient medical data transmission. This innovative approach allows patients to consult with health care providers, receive diagnoses, and access treatment recommendations without the need for in-person visits to the hospital. Bridging urban-rural healthcare gaps, it ensures improved access, reduced costs, and heightened convenience. Proven effective during COVID-19, Telemedicine allows secure, at-home healthcare, reducing exposure risks. Trust us for a healthier, connected future.

## RADIOLOGY

Step into our Radiology Department, where we offer round-the-clock diagnostic services to ensure timely and precise healthcare. From MRI and CT scans to ultrasonography with color Doppler, mammography, and advanced digital radiography, our dedicated team provides comprehensive imaging solutions. With a commitment to accessibility and accuracy, we stand ready to unravel health complexities and offer unparalleled diagnostic clarity whenever you need it.

## CATH LAB

Experience Cutting-Edge Cardiovascular Care at Our Cath Lab. Our facility features the Philips Clarity Allura FD 10, the world's lowest radiation machine, providing high-quality images. With over a decade of expertise, our consultants ensure precision in intervention. Boasting the state's shortest door-to-balloon time, our Cath Lab operates 24/7, equipped with advanced machines. Backed by the latest imaging modalities—IVUS, OCT, IVL, and laser—we deliver efficient and innovative cardiovascular care.

## Central Research Laboratory (CRL)

Our Central Research Laboratory (CRL) stands as the beacon of innovation in medical research. Dedicated to advancing healthcare globally, we embark on a mission to contribute significantly to medical progress, fostering a culture of innovation and translating scientific breakthroughs into practical solutions for patient care. Equipped with world-class infrastructure and cutting-edge technologies, our CRL is a hub for groundbreaking studies across clinical research, translational research, epidemiological studies, and drug development. Here, we strive to redefine healthcare paradigms and improve patient outcomes through comprehensive and compassionate research endeavors.

## PRIVATE ROOMS/ WARDS

Our private rooms and wards at Believers Church Medical College Hospital are designed to offer you a peaceful and personalized healthcare experience. Each private space is carefully crafted to provide comfort, ensuring a serene environment for your recovery. With a focus on individualized care, our private rooms allow for enhanced privacy and tranquility during your stay. You'll find a harmonious blend of modern amenities and a caring atmosphere, where our dedicated healthcare professionals strive to meet your unique needs

## ICU

Believers Hospital ICU is the largest single-unit facility in Central Travancore, delivering state-of-the-art critical care. With a team of expert intensivists, respiratory therapists, and critical care nurses, our 42 level 3 beds, 4 isolation rooms, and 7-bedded isolation ICU ensure private and efficient critical care services. Specializing in complex surgeries, severe infections, and organ failure, our ICU provides comprehensive assessments, pain management, infection control, and advanced respiratory support, backed by 24/7 monitoring.

## HOME CARE

### B LABS

Experience the future of health with B Labs. No more traffic hassles – just a call away for blood tests at your doorstep. Results delivered effortlessly to your email or WhatsApp. Quality care with compassion, backed by NABL accreditation at BCMCH laboratory. B Labs - Simplifying health, redefining convenience. B Labs prioritises safety and quality to ensure accurate test results and maintain patient confidentiality by providing the blood test at the comfort of your home. By embracing technology and innovation, B Labs is revolutionising the way healthcare is delivered, providing patients with convenient access to essential diagnostic services.

## PALLIATIVE CARE

Rooted in the vision of Helping, Healing, and Sharing Hope inspired by the love of Christ, our Palliative Medicine service goes beyond cure to provide compassionate care for those facing life-threatening and life-limiting illnesses. Focusing on symptom management, with a special emphasis on pain relief, our holistic approach considers patients and their families as a single unit. Our services include telephonic consultations, health education, home care preparation, collusion management, end-of-life care counseling, bereavement support, and in-house training programs. Committed to community support, we conduct gathering sessions for the families of our patients, offering comfort and hope during challenging times.

## **REVOLUTIONIZING HEALTH CARE EXPERIENCE**

Driven by compassion and accountability, our Leaders developed a holistic approach to care that allowed physicians to get closer to their patients - going beyond symptoms of the body to provide more well-rounded care that enriches the heart, mind and spirit and helps our population improve their quality of life. When word of this high-touch, quality-care approach began to spread, we flourished.

Believers Hospital stands as a beacon of hope and healing, guided by the compassionate love of Christ. Our mission is to bring solace and restoration to those in need, providing comprehensive healthcare services with empathy and care. Committed to excellence, we aspire to be a world-class centre of scholarship, continually advancing the art and science of healing. Through dedication to research, innovation, and education, we aim to set new standards in healthcare delivery and make a lasting impact on the well-being of individuals and communities worldwide.
